

ENGINEERING VIRTUAL WORK EXPERIENCE AT WSP

ABOUT:

Our placements are run using Microsoft Teams, Monday to Friday. Students participate in various modules throughout the week which are run by Engineers/ Consultants working at WSP. Our presenters introduce the students to their field (i.e. structures, environment, flood risk and drainage etc), talk about their role, their routes into industry and their real-world project experiences at WSP. All presentations include an interactive activity for students to undertake relevant to that job role. Each module lasts approximately 1.5 hours. We also cover routes into engineering, including both the Apprenticeship and Graduate routes.

WHEN:

14th - 18th August 2023

AGE GROUP:

14 years old – 18 years old
